About The Front Cover Picture

We have honored the heifer Edith Souchong x by placing her picture on the front cover of this catalog. She was bred at Hi Ho Farm and was purchased in the 1956 "Stars of the East" Sale by George Arrowsmith, Upperco, Baltimore County, Maryland. At \$5,600, this daughter of Edellyn Yankee Mercury is the all-time record selling female of the Polled Shorthorn breed in North America. Many experts have described her as one of the finest polled heifers ever produced.

Success in the field of improved livestock comes only to those breeders who have a type in mind and who constantly strive toward this type. This picture shows three animals produced on the farm where this sale is to be held. This is the type that will be found throughout this sale. The trio, sired by Edellyn Yankee Mercury, won second prize in the junior get-of-sire class at the 1955 International Live Stock Show. All three were sold in the 1956 "Stars of the East" Sale and are now owned respectively by George Arrow-smith, Upperco, Maryland, Seventh Pardner Farm, Edgewater, Maryland, and Foxdale Farm, Duluth, Georgia.

**Our
Shorthorn
and
Polled
Shorthorn
Friends,
far and near**

Welcome to Hi Ho Farm and the second annual "Stars of the East Sale."

Although this word of greeting will be signed only by me, I am mindful that I am also speaking for all the fine folks at Avenel Farm, Canford Farm, Tujays Farm and Echo Farm. These are our associates in this sale and we are as proud of the work they are doing in behalf of the breed as we are of our own efforts.

We established this sale as a means of proving to breeders everywhere that seed stock of highest quality was available in these Eastern seaboard states. Encouraged by the widespread interest displayed a year ago, we have put renewed determination into our second effort. Whether or not the cattle are better than those we offered in 1956, we shall leave to your judgment but we have selected them with utmost care and we offer them with great pride.

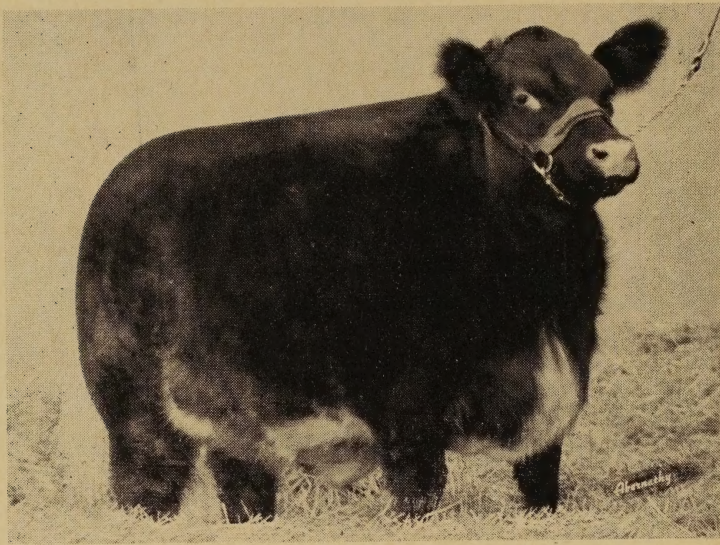

Combining the productions from these five herds into one sale seems a most natural program. We all like both Shorthorns and Polled Shorthorns and we all breed both kinds. An equal number of each, all produced from the choicest seed stock available, are included in this sale.

And so — we join hands in again inviting you to inspect and make selections from an offering that contains the tops from our five herds. We do so with confidence that good judges everywhere will approve the quality and breeding of each animal and that each will prove an improver.

Since our farm has again been selected as the site for the "Stars of the East" sale, all of the members of our own organization join the members of our associate organizations in bidding you welcome. Although the sale is to be held on Monday, March 25th, we hope you will all gather with us on Sunday for a day of visiting and inspection. The five farms are located within a 60 mile radius and arrangements will be made for you to visit any or all of them if you so desire. At the end of the day we want you to be guests at a social hour and buffet supper at the Belvedere Hotel in Baltimore. We promise a pleasant day for you.

HERSCHEL H. ALLEN

The King of Beef!

P. S. TROUBADOR

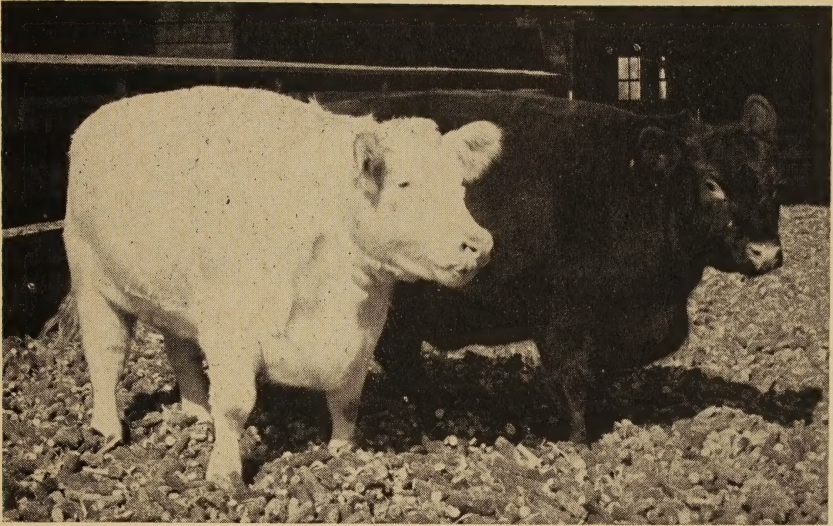

Grand Champion steer over all breeds at the 1956 International Live Stock Exposition and all-time record high-selling steer at \$20.50 per pound. Bred by Acadia Farms. Fed and exhibited by Pennsylvania State University. Purchased by the Greenbrier Hotel, White Sulphur Springs, West Virginia.

ATTEND THIS IMPORTANT SALE !

Get better acquainted with the **Shorthorn** breed, the breed that has won five grand championships and four reserve grand championships over all breeds in the last twelve years in the steer division at the International Live Stock Exposition — the greatest steer show on earth. And don't forget — this is the breed that holds the all-time high record of \$20.50 per pound for an International grand champion steer.

NO OTHER BREED CAN DO MORE

FOR AMERICAN FARMS AND RANCHES

The kind of Polled Shorthorns produced at Avenel Farm.

The breed that meets today's standards

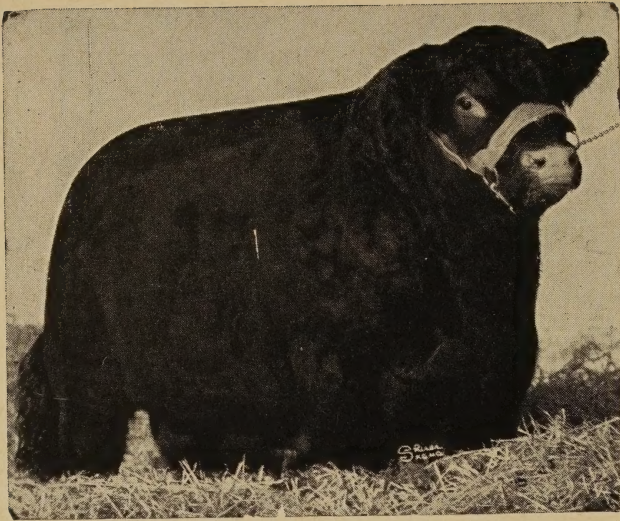

The men who raise Shorthorns and Polled Shorthorns are proud today — prouder than at any time in the history of their breed. Why? Because they know that yesterday's beef type is outmoded and the records prove conclusively that the Shorthorn breed best meets today's standards. This is the breed that has won five grand championships and four reserve grand championships over all breeds in the steer division of the International Live Stock Exposition in the last twelve years. This is the breed that holds the all-time high record for a steer at \$20.50 per pound. This is **TODAY'S BREED!**

Where can one go to find the Shorthorn seed stock that will pave the way to better beef production? The cattle in this sale meet all of the qualifications. They are individuals of thoroughly modern type. They are bred to reproduce this type. They are produced in herds that are accredited for both Bang's and T. B. And behind these cattle are breeders of highest integrity, men who will never knowingly sell an inferior animal for breeding purposes.

I inspected this sale offering about 60 days ago and was delighted with the quality of the cattle. The pedigrees are strong and the offering is packed with bulls and females of showyard form. It will be obvious to those who attend that the tops from five great herds, both Shorthorns and Polled Shorthorns, have been assembled for this event.

I urge you to attend and I hope you will arrive the day ahead of the sale for a leisurely inspection of the cattle and to partake of the Hi Ho brand of hospitality which is always a delightful experience.

Cherry Hill Royal Leader x — A great sire in the Avenel herd. He was grand champion Polled Shorthorn bull at the 1949 International. His sons have topped many sales and are in service in leading herds.

Left: **Calrossie Imperial**, an imported son of Calrossie Adonis, he a first prize winner at Perth and by the noted Kirkton Baronet. Imperial's dam is by Lawton President Roosevelt, his grand-dam by Calrossie Control. Avenel Farm bought him at \$5,200, top of the Highland View dispersion. His calves are outstanding.

Right: **Camson Better News**, by the great Calrossie Good News, bought by Avenel Farm at \$7,600, top of the Femco Farms dispersion where 29 of his get averaged \$1,001. Two of his daughters will be offered in this sale.

Right: **Canford Leader x**, a great son of Rosemeade Sensation x. Bred at Canford Farm and used liberally in that herd until his sale to Baco Turkey Farm in Virginia.

Eudora Nonpareil, a typical production of the Hi Ho Herd. She was reserve grand champion female at the 1956 Atlantic Rural Exposition. She is shown here with Judge Bob Long, Herschel Allen, Jr., and George Beattie.

Here's proof that bulls produced in the Hi Ho Herd make good for those who buy them. Some time ago, Leon Risser, owner of Jammer Dahl Farms, Lititz, Pennsylvania, bought the bull Hi Ho Gold Dust. Shown in this picture is his daughter J. D. Merry Augusta 2nd that was named junior and grand champion female at the 1957 Pennsylvania Farm Show. Behind the heifer are: Clyde Brubaker, Ephrata, Pa., Miss Dorothy Stehman, Lancaster, Pa., and Leon Risser.

Avenel Laura — A dehorned heifer by Cherry Hill Royal Apollo x out of a good breeding daughter of Sni-A-Bar Proud Mercury. Her dam was the top selling female at the 1952 Eastern National Shorthorn Sale where we bought her for \$1800. This heifer is very smooth and of the right type. For the Polled Shorthorn breeder with a good dehorning bull, here's a grand brood cow prospect. Bang's vaccinated.

Hillside Augusta B x — This heifer was consigned to our 1955 sale by Canford Farm. She was purchased at \$825 by Hawthorne Farms, Marshall, Virginia. She is out of the same dam as Lot 39 in this sale.

Standard Guarantee

of American Shorthorn Breeders Association

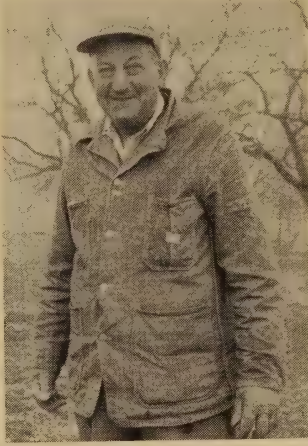

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such a case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off.

All animals sold in this sale will be backed by the above Standard Guarantee.

Calfhood vaccination for Bangs is practiced in the herds participating in this sale and all five of these herds are accredited for Bangs Disease. Health certificates will be issued on sale day under the supervision of the Maryland State Veterinarian.

Terms — The terms of this sale are cash unless arrangements are made in advance. All settlements must be made with the clerk of the sale immediately at the conclusion of the auction and before the animals are removed.

Liability — The above guarantee and terms shall constitute a contract between seller and the buyer of each lot. Neither the clerk of the sale, nor the individual designated as Sale Manager assumes any liability, legal or otherwise. Where footnotes appear in this catalog they were furnished by the owners. We will not be responsible for any accidents that may occur, but will make every effort to provide for the comfort and safety of our guests.

Inquiries About Cattle Listed — The Sale Manager will gladly answer, to the best of his ability, any question which may arise in the minds of prospective buyers concerning the breeding and quality of any animals listed in the catalog. Such correspondence should be addressed to Hal Longley, Sale Manager, 16 S. Locust Street, Aurora, Illinois.

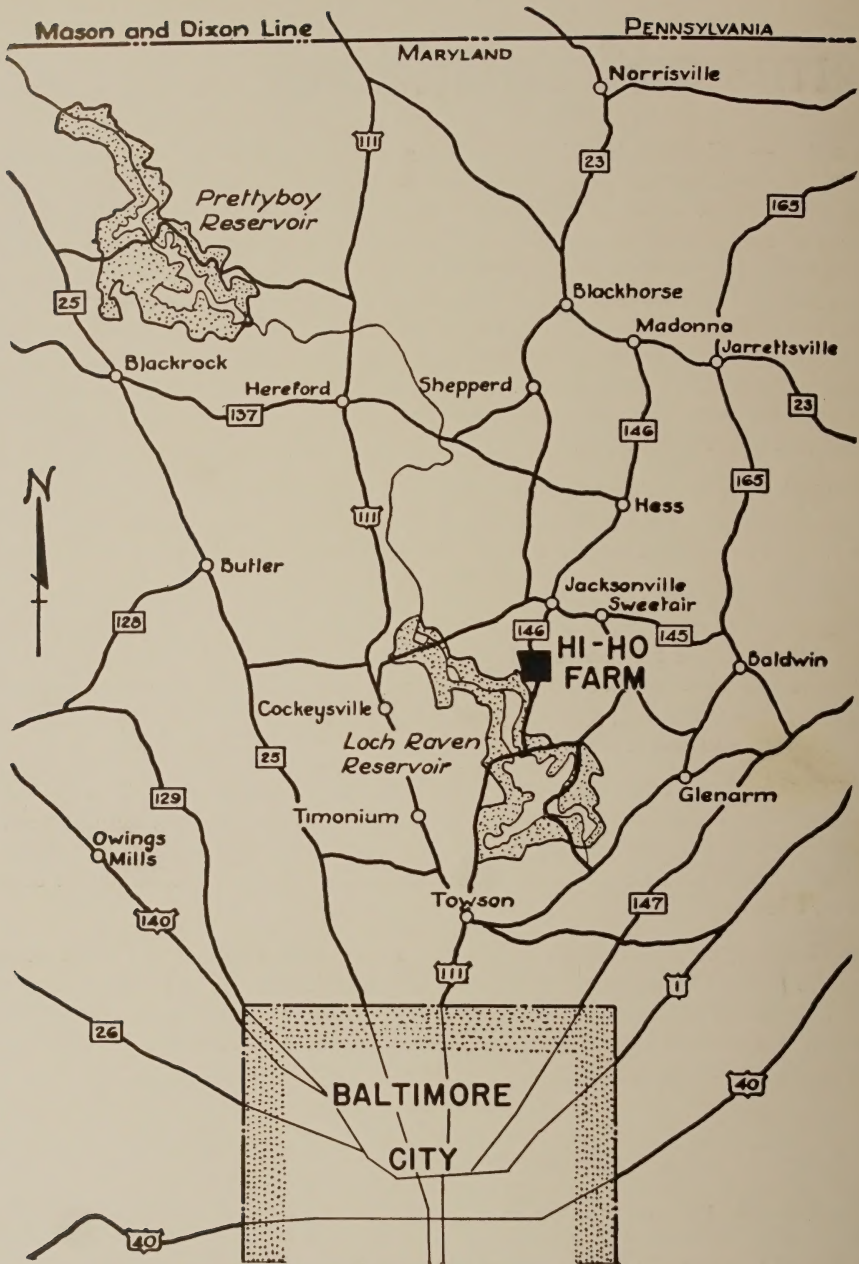

Announcements on Sale Day — Although all information contained in this catalog is correct to the best of our knowledge at the time of printing, we must reserve the right to make announcements of correction. Accordingly, please understand that announcements made from the auction block on sale day will take precedence over matter printed in this catalog.

Baltimore is on many railroads and air routes. Service is excellent from New England, Western or Southern states. Equally good service is available to those who wish to travel by plane or bus. We ask those who do not drive their own cars to go directly to the Belvedere Hotel, the sale headquarters, immediately upon arrival in Baltimore. Transportation to the farm will be provided.

Motorists will find the drive to Baltimore most interesting at this season of the year. Motorists coming from the north and west should remember that Hi Ho Farm is located 15 miles north of Baltimore, and that they do not need to go into the city unless they so desire.

Bear in mind that the nation's capital is only 50 miles south of Baltimore. We suggest that you visit this famous city while you are in this vicinity.

If you wish help in planning your trip or in arranging hotel reservations, please contact the Sale Manager, Hal Longley, 16 South Locust Street, Aurora, Illinois.

This map shows the Baltimore area. Hi Ho Farm is easy to find and worth finding for any Shorthorn or Polled Shorthorn breeder.

For those who would like to see more of Maryland when Spring is at its best, we call attention to the fact that Washington, the Capital of our Nation, is not too far away; that Annapolis, the home of the U. S. Naval Academy, is easily accessible by highway; that Hampton House, a national historic shrine, is on the highway between Towson and the Farm; and that Goucher College is located in its new buildings near by.
